## Plan Your Project

Using the Kitchen Box Cabinet Guide, mark the position of the units including the position of the fridge, sink, stove, range hood and also the doors and windows.

**IMPORTANT:** If at any point you need help bring your measurements and ideas into our showroom and one of our consultants will be more than happy to help you.

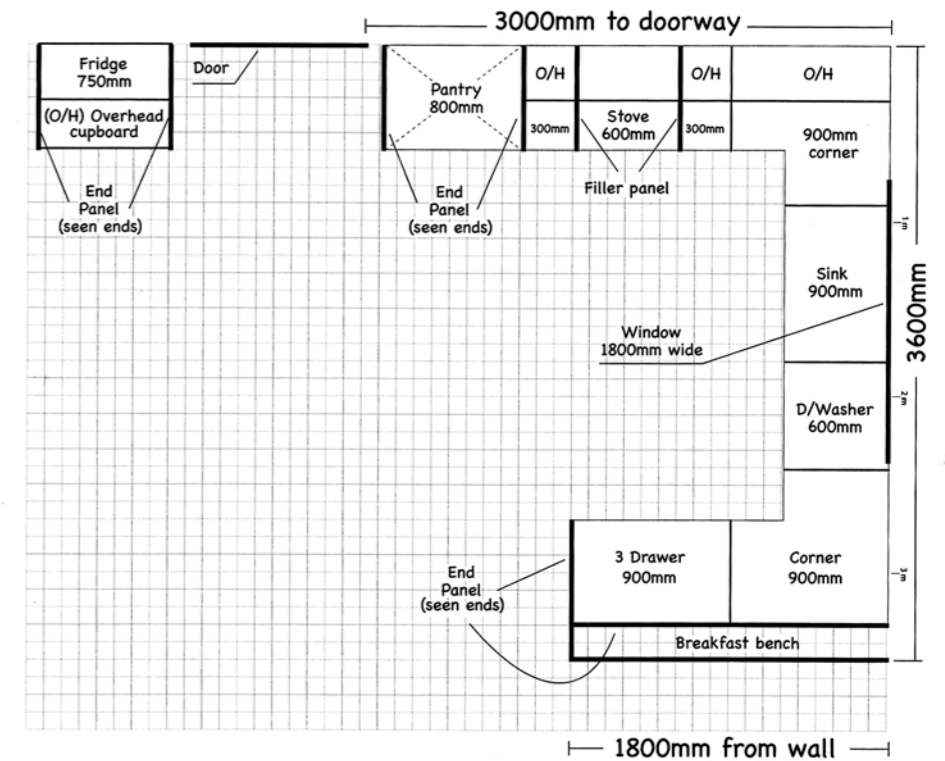

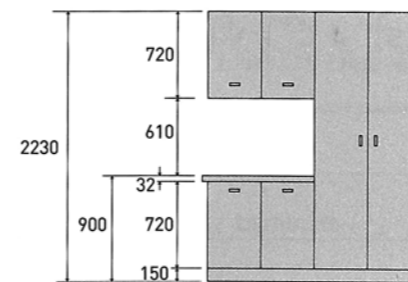

**DESIGN CHECKLIST:**

Include the items on this checklist to help us achieve an accurate quotation.

- Wall measurements       Appliance positions       Overheads  
 Cabinet positions       Window & doors       Seen ends/Filler panels  
 Drawers       Fridge

When completed your plan could look like this:

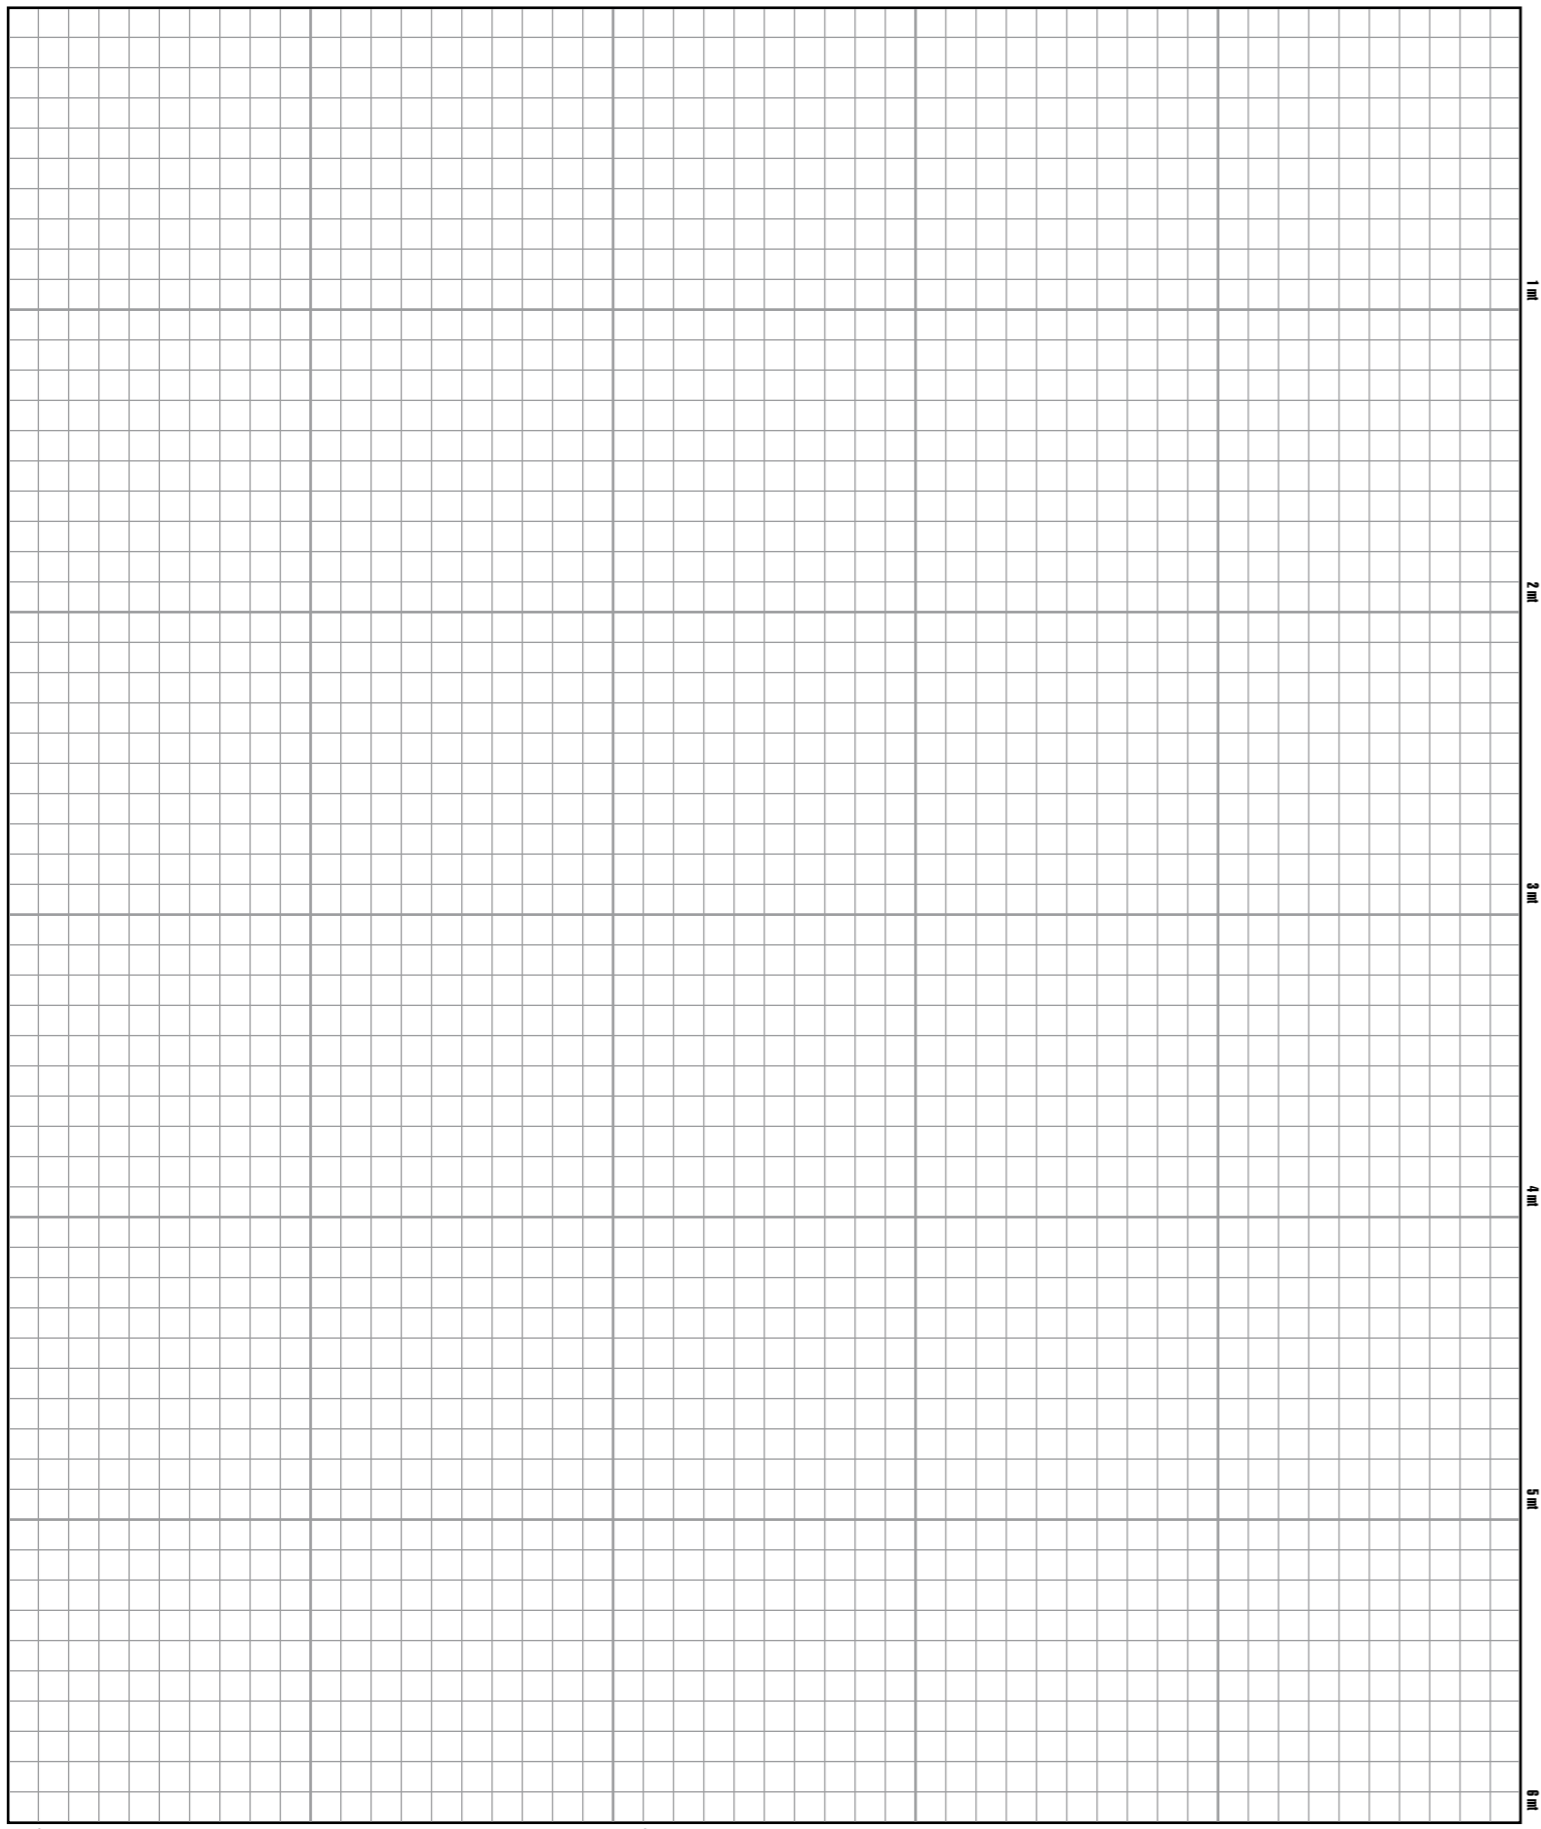

**Standard measurements**  
 Standard Benchtop Depth: 600mm  
 Breakfast Bar / Island Bench Depth: 650mm to 1150mm

**TIP:** Stove tops should be placed a minimum of 250mm away from a side or pantry. If you need any help, don't hesitate to contact one of our instore consultants

# Plan your kitchen

Using the graph page below, plan and mark out the layout of your kitchen.
